

sikla

Good organisation. Good number of visitors. High number of contacts. We had a fantastic success with several people starting with us next week. Therefore we are already looking forward to the next show.

SO ENERGY

We received 492 + applications at the show. The event was very well organised, and the turnout was great. The quality of the stand was excellent.

NHBC

It's a really good way of cutting out the agency cost. For us we get a really good response and we've managed to make a lot of hires over the years both for the head office and for the more technical construction based roles. So it's been really good for us!

openreach

The footfall in here has been immense. Talked to lots of different people. From different backgrounds. Really really good.

CONWAY
great people : great work

The overall organisation has been really good, all of our vacancies have been displayed, we've arrived with everything here and most importantly the types of people that it attracts, they're really good. We would recommend it to others.

British Gas

It's been a good response. Really good diverse people and backgrounds that we look for in our organisation, so really pleased.

LOCKHEED MARTIN

We came here last year in September, for the first time. It was a really good experience. We normally just try and recruit online. We saw this as a great opportunity to try and meet people face to face. And try and tap into a market we may not have not got to before, because we are trying to look for really niche positions. So really good to come back.
