HAVE TO SAY ABOUT THE SHOWS...

“

Our recruitment has gone absolutely through the roof. We have got some really good people through the door from it. Other companies should definitely do it.

MacDonald Humfrey Automation

It’s how I found one of my recent jobs when I was at Vauxhall Motors. I was absolutely delighted because it gave me the opportunity to actually speak to people. I don’t think it would have been something that I would have necessarily applied for and it’s inspired me to do it for the company I now work for which is L3.

”

“

We received 492 + applications at the show. The event was very well organised, and the turnout was great. The quality of the stand was excellent.

You get to meet so many different people. And you get to reach an audience that you may not reach with your standard recruitment process. It’s worked for us. We will be coming back for sure!

”

“

We have found a lot of potential candidates for our roles, including Electrical Engineers, Maintenance Engineers and Control Engineers. We have found graduate engineers, but also hands on, time spent Mechanical Engineers which could go straight-out into the field with us – which is brilliant!

”

HEASELL ELECTROMECHANICAL SERVICES LTD

“

METROPOLITAN POLICE ENGINEERING

Lots of interest for vacancies. Well organised, well advertised, good attendance, good location, dynamic interviewing platform. We have hired electrical and communications engineers.

We came here last year in September for the first time, and it was a really good experience because we normally traditionally try and just recruit online. We saw this is a great opportunity to try meet people the face to face, try and tap into a market we might not have got to before as we are trying to look for really niche positions. Really good to come back as the Main Sponsors.

BAE SYSTEMS

EXHIBITED AT 13 EVENTS

We have met some really good people with different kinds of skills. We have met software engineers with really good engineering backgrounds. We have met really great consultants - data consultants and business consultants, project managers, and also some people with really good test experience as well. So a nice mix.

It's a really good way of cutting out the agency cost. For us we get a really good response and we've managed to make a lot of hires over the years both for the head office and for the more technical construction based roles. So it's been really good for us!

# BENEFITS OF ATTENDING JOB SHOW EVENTS

1

## Cost Effective

Employers typically hire 5 - 60 people per event. With regards to cost per hire, compared to agency fees, exhibitors continue to save money from attending our events. There is no limit to the amount of candidates you can hire, and no ongoing fees.

2

## Growing Your Talent Pool

Employers typically add 200 - 1,000 people to their talent pool at each event. A new talent pool of people they can hire from throughout the year. Many exhibitors will hire people they meet during the event 3-6 months afterwards.

3

## Pre Event Applications

Our websites and marketing campaigns generate huge exposure for each exhibitor. Many job seekers will see an employer is attending our event and will apply to them directly in the weeks and months before the event. This is in addition to the hires employers make during and after the event.

4

## Active Job seekers

Over 10,000+ people pre-register to attend each event. Our extensive marketing campaign targets candidates that match the vacancies of our exhibitors.

5

## Passive Job seekers

How do you target people that are not actively looking for a new job? How do you reach people that are not signed up with job boards or recruiters? This is the very reason we hold our events in middle of the UK's busiest shopping centres. Over 100,000 people visit each venue during each event. As our events are open from all sides, these people can all freely walk in to meet the exhibitors.

6

## Face to Face Recruitment

By meeting thousands of candidates in person you can quickly assess their suitability for a role. Attending the event quite literally adds a personality to an application. This can save a lot of time and energy compared to online applications.

7

## Employer Branding

They might have heard of you, but have they thought of you as an employer? Or do they realise you have a particular type of vacancy available? Showcase what makes your company great at the UK's biggest career events.

8

## Standing Out Offline

With over a million online jobs in the UK, it is difficult for employers to stand out. In a competitive job market, it pays to be proactive and to go directly to the candidates.
