Face-to-Face Recruitment That Delivers

The quality of the candidates that have come to the job show have been unbelievable. The quality is so good. It's fantastic.

Exhibited at 8 events

We signed up 80 new learners for our courses at our first show. Very effective!

Exhibited at 5 events

It was amazing. The staff were really helpful. Looking forward to more job shows in the future.

Exhibited at 12 events

Very positive! Our stand always looks great! Really good turn out! We average 100+ new sign up per event.

Exhibited at 34 events

Very good event to showcase our local Higher Education to the local community. Definitely worth attending. Interested in booking for events again with possibly a bigger space!

We've met some great people. We've got so many people signed up to come along to openings at the college. It's been an absolutely fantastic event, well worth coming to!

How the Job Show Works

Job Shows are a high-impact platform built to accelerate course enrolments.

Visitors are motivated to take the next step in their career or education, seeking upskilling, retraining, or immediate course enrolment.

Course providers exhibit with a recruitment stand where they can:

meet prospective learners face-to-face

Identify learners ready to start immediately

promote courses, funding options and career outcomes

Convert interest into on-the-day enrolments

Major UK Recruitment Venues

Events take place at high-footfall venues, including:

London Job Show

Westfield (Shepherd's Bush)

15th & 16th May | 16th & 17th Oct 2026

London Job Show

Westfield Stratford City

5th & 6th March 2027

Manchester Job Show

Trafford Centre

25th & 26th Sep 2026

MK Job Show

centre:mk

11th & 12th Sep 2026

These locations attract visitors from across Greater London, Greater Manchester and the wider Milton Keynes region, as well as surrounding commuter areas. Most visitors travel from within a 20–30 mile radius of each venue.

Typical event footfall ranges between 24,000–34,000 visitors across the two-day event. In addition, the shopping centre venues welcome over 100,000 visitors while the event is open, giving exhibitors exposure to a large additional audience alongside attendees actively visiting the Job Show

From Jobseeker to Learner

A significant proportion of attendees arrive looking for jobs—but enrol on a course that helps them move forward faster.

This creates a unique conversion opportunity not available through traditional education marketing channels.

Active and Passive Learners

Visitors attend seeking their next step, whether that's employment, upskilling, or retraining.

While many arrive job-focused, a large percentage are open to courses when presented with the right opportunity.

The high-footfall venue environment also introduces you to passive prospective learners - individuals not actively searching for courses online but highly receptive in person.

Strategic Regional Reach

Connecting you with prospective students across the region

Our events are strategically located in high-footfall, accessible venues to ensure a diverse and expansive prospective learner audience. We attract visitors from a 60-minute catchment area, allowing you to promote your courses to a wide regional audience.

Real enrolment outcomes

Course providers attend Job Shows to accelerate learner enrolment and engage directly with prospective students who are ready to take the next step in their career.

Typical exhibitor outcomes include:

1,000's

prospective learners
attending each event

200-1,000

new learner enquiries
generated

Immediate

conversions from
conversation to sign-up

- Enrol learners directly at the event
- Generate high volumes of qualified course enquiries
- Convert career changers into students
- Build a strong pipeline of prospective learners
- Secure paid enrolments on the day

Traditional student acquisition channels can be costly, competitive and slow to convert. Job Shows provide a high-intent environment.

One or two enrolments can cover your full event investment.

A highly efficient and scalable learner acquisition channel.

Proven Results from Course Providers

Job Shows consistently deliver high-impact enrolment outcomes for course providers across a wide range of sectors.

- Some providers have enrolled up to 80 learners at a single event
- Many generate significant enrolment volumes within just two days
- On-the-day conversions are common, with learners committing immediately after speaking with providers
- In some cases, providers have secured paid enrolments before the event has even finished—covering their entire event investment

A large proportion of attendees are career-focused and motivated to take action now - making them highly responsive to course opportunities that align with their goals.

Many attendees arrive looking for a job - but enrol on a course that provides a faster or more suitable route into their chosen career.

This creates a powerful and unique opportunity to engage individuals at the exact moment they are ready to make a change.

Course-Led Learner Marketing

Refined over 12 years, our marketing strategy is dedicated to attracting prospective learners aligned with your courses and training programmes. We deliver a targeted 4-week campaign designed to drive high-quality, high-intent individuals

Targeted Learner Matching

- **Search-Led Targeting:** We invest heavily to place the event in front of individuals searching for career progression, training and course opportunities aligned with your programmes.
- **Smart Video Retargeting:** Based on those searches, we deploy follow-up video adverts across the Google network to keep the event top-of-mind.
- **Live Campaign Optimisation:** We monitor the interests and intent of registered attendees, allowing us to adjust marketing spend weekly to ensure strong alignment with your course areas.

Comprehensive Multi-Channel Outreach

- **Digital & Social:** Targeted campaigns focused on career change, upskilling and education pathways
- **Search & Online:** Promotion across search platforms and our in-house audience channels
- **Local & School Outreach:** PR campaigns, partnerships with schools and colleges, and regional promotion to engage early-career learners
- **Shopping Centre Media:** On-site digital screens driving high footfall and awareness
- **The Job Show Magazine:** A high-quality printed guide distributed to all attendees

The Passive Learner Advantage

- By hosting our events in high-footfall venues, you gain access to a large pool of passive prospective learners, individuals not actively searching for courses online but open to new opportunities. Many attendees arrive looking for a job but enrol on a course that better supports their next step.

Astronaut Jobs Recruitment Platform

Astronaut Jobs supports learner engagement and course promotion before and after each Job Show.

It allows organisations to continue receiving enquiries and managing prospective learners beyond the event itself, extending engagement and increasing return on investment. Features include:

- course promotion tools
- integration with internal systems
- attendee profiles created by Job Show visitors
- screening and follow-up tools

Every Job Show visitor automatically creates a profile on the platform, allowing exhibitors to continue engaging with the event audience.

The platform also helps organisations track enrolment outcomes and measure event ROI.

The app is fantastic. A quick way to connect with candidates **amazon**

We really like the app. It's allowed us to stay paper free **BRITISH AIRWAYS**

Astronaut Jobs is easy to use, modern and time efficient. We have been able to hire candidates from the platform **CLESCHAR**

Features include:

Automated course posting

Candidate profiles created by Job Show visitors

Screening and shortlisting tools

ATS integration

Astronaut Jobs recruitment platform access (£999 value) is included for exhibitors securing their stand before the early booking deadline.
